# APEX 3/8" Hex Nozzles

# SAPPHIRE

# UHP NOZZLES

*APEX 3/8" Hex Sapphire Nozzles are designed for dependable performance in ultra-high-pressure water blasting applications. Available in a wide range of orifice sizes, APEX nozzles provide the precision and durability needed to optimize your tooling for the pressure, flow and performance your application demands.*

## Standard Features:

- Premium sapphire orifice for durability and consistent performance
- Clearly marked sizing for quick identification
- APEX inventory stocked for same-day shipping
- Wide selection of orifice sizes allows you to match nozzle configuration to the application

## Operating Specifications:

- Standard Orifice Sizes: .005" through .015" (up to .040" available)
- Orifice Material: Sapphire
- Maximum Operating Pressure: 55,000 psi (3,800 bar)
- Connection/Thread: Standard 3/8"–24 UNF

## Physical Dimensions:

| APEX PN: | Description: |
|---|---|
| 11-38005 | Nozzle, 3/8 Hex, .005 Sapphire |
| 11-38006 | Nozzle, 3/8 Hex, .006 Sapphire |
| 11-38007 | Nozzle, 3/8 Hex, .007 Sapphire |
| 11-38008 | Nozzle, 3/8 Hex, .008 Sapphire |
| 11-38009 | Nozzle, 3/8 Hex, .009 Sapphire |
| 11-38010 | Nozzle, 3/8 Hex, .010 Sapphire |
| 11-38011 | Nozzle, 3/8 Hex, .011 Sapphire |
| 11-38012 | Nozzle, 3/8 Hex, .012 Sapphire |
| 11-38013 | Nozzle, 3/8 Hex, .013 Sapphire |
| 11-38014 | Nozzle, 3/8 Hex, .014 Sapphire |
| 11-38015 | Nozzle, 3/8 Hex, .015 Sapphire |
